As the meeting is now approaching, I'm reaching back about 2 issues: 1) Would you please be okay if the meeting took place as a videoconference via Google Meet (here are details on how to join) or would you prefer a different option (however, we can't use Skype for business nor Zoom on Google corporate devices)? Google Meet doesn't require to download any apps/software nor to have a Google account. If yes, I'd be happy to send the calendar invitations with all the details? I'd also suggest a quick test with you, Anna, to make sure all works well technically. 2) As for the agenda, would Ms Caudet and Ms Canenbley want to focus exclusively on AI or are there other topics of interest? Thanks for your kind assistance. @eustrategy.eu></lucia.caudet@ec.europa.eu>	From:		@g	oogle.com>
