Dear [REDACTED],

I can propose a meeting with Mr Visek on 4 March at 10h00 at the Berlaymont building.

Would that be convenient for you?

Kind regards,

[REDACTED]

Dear Lukas,

I hope this email finds you well. I'd like to follow up on Helena's kind email below and suggest a meeting with you, if you have time.

We have recently opened our '[Hive](#)' [food innovation center](#) at the Wageningen Campus in the Netherlands and we are working on some exciting projects we believe are beneficial for the planet and for people's health, notably on protein alternatives. We have also been working with the WWF to promote more diversity

in our diets through a [project](#) called 'Future 50 Foods'.

I'd love to share additional information with you in the context of the Farm to Fork strategy and as I will be organizing a visit to Wageningen for selected cabinet members, members of the European Commission and of the European Parliament working on this important topic.

Would you be available for coffee in the coming weeks?

Thank you in advance.

Kind regards,

Dear [redacted]

Thank you very much for your message. We have the same very positive impressions and feedback from the meeting!

I am copying my colleague Lukas who is following the Farm to Fork discussions.

Of course always happy to be in touch regarding the Circular Economy AP.

Kind regards,

Helena

Dear Estela, Helena,

First of all I wanted to thank you for your help in making the meeting in Davos happen between VP Timmermans, our [REDACTED] [REDACTED] and [REDACTED] [REDACTED] from Ingka group. I heard from my colleague [REDACTED] that the meeting was very insightful and I hope this feeling is mutual!

We remain fully committed to supporting the realization of the European Green Deal and would therefore like to follow up on VP Timmerman's request to [REDACTED] to join the Climate Pact – is there anything you need from us at this stage?

In addition, our [REDACTED] [REDACTED] (whom Helena you have met in the past) will be in Brussels on 5 March and would be keen to discuss our food innovations and vision for sustainable food systems either with Mr Samsom/Ms Nelen or with your colleague in charge of the Farm to Fork Strategy, Mr Visek. Should we contact them directly to check their availability?

Thank you again for your support and as always don't hesitate to reach out to us. Helena, we would also be very interested in continuing our plastic discussion in the context of the upcoming Circular Economy Strategy at your best convenience.

Best,

[REDACTED]
