**Attachments:** eMobility public webinar 16 July\_draft prog.pdf; GoToWebinar userguide for speakers\_V02.pptx

Dear [REDACTED],

Many thanks for your email and to Daniel for accepting our invitation to intervene in our upcoming webinar. Thank you too for sending the material.

I have updated the programme accordingly – please find it enclosed.

Please be informed that we will be using the GoToWebinar platform for our event – a personal and unique invitation will be shortly sent to Mr. Mes directly (automated from the platform) for the webinar itself. Upon receipt, please add it to Mr. Mes' calendar so that he has all connection details for the webinar.

IMPORTANT to note: We kindly ask speakers to connect at least 20 min before the start so that our IT team can quickly check audio and camera...

I will separately set up a briefing call with all speakers and [REDACTED], our advisor on electromobility who's moderating the webinar. And also arrange a dry-run with all speakers in order for us to walk them through the functionalities of the platform. In the meantime please find enclosed a user-guide which will help connecting (you may want to check your system requirements in advance of the dry run; link provided in the guidelines). (please disregard the presentation part).

Hope that helps

With kind regards,

[REDACTED]

Dear [REDACTED],

The slot, as proposed by you, works for Daniel and his calendar is blocked.  
Below is the short bio and attached is a photo as requested.

"A lawyer by training, Daniel started his career at the European Commission in its competition department. There he worked on transport and digital technology files. During the last Commission term, he managed relations with the European Parliament and the Council, including on transport files,

and was a speechwriter to Margrethe Vestager. Since 1 December 2019, he works in the Cabinet of Executive Vice President Frans Timmermans on the European Green Deal in Transport.”

Best regards,

[Redacted]

**Subject:** FW: Invitation to intervene Mr. Mes - Eurelectric webinar on eMobility, 16 July  
**Importance:** High

Dear [Redacted],

I am reaching you out with reference to the invitation addressed to Mr. Mes earlier today. I would like to inform you that we intend to send a mailer tomorrow, promoting our forthcoming digital event of 16 July.

Due to logistics, we had to agree on a timing for the webinar and fixed it to: **11hrs to 12hrs**. We do hope that this time slot will be suitable for Mr. Mes as well.

If not, may I kindly ask you to come back to us with a convenient time slot for Mr. Mes, before 11h00 tomorrow? I would also need a high resolution photo and a short bio of Mr. Mes.

Many many thanks for your help on that matter

With kind regards

**Subject:** Invitation to intervene - Eurelectric webinar on eMobility, 16 July  
**Importance:** High

Dear Mr. Mes,

The EU and national governments have committed unprecedented financial support to e-mobility related industries as a response to the economic consequences of the COVID-19 crisis. This stimulus will accelerate the already fast moving shift towards electric vehicles.

On 16 July Eurelectric will organise a digital event - **eVision: Powering European e-Mobility** – which purpose is to learn how the expected electrification of transport will happen – what amount of electricity is needed, where exactly is it needed, how do we get to charge with clean power and more! And better understand: What are the main market trends in transport electrification? What makes electric mobility business strategies truly valuable? Which type of policy will provide for the most efficient deployment of vehicles and infrastructure

Our webinar is to be held **on 16 July** and would last around 1h30 to 2hrs. Exact timings of the event would be fixed according to your availability.

**We would be honoured if you would accept our invitation to intervene in this panel debate and are looking forward to a positive reply,**

With kind regards,
