REFORMULATION

Nestlé ambition: 7,500 products with Nutri-Score by mid-2022

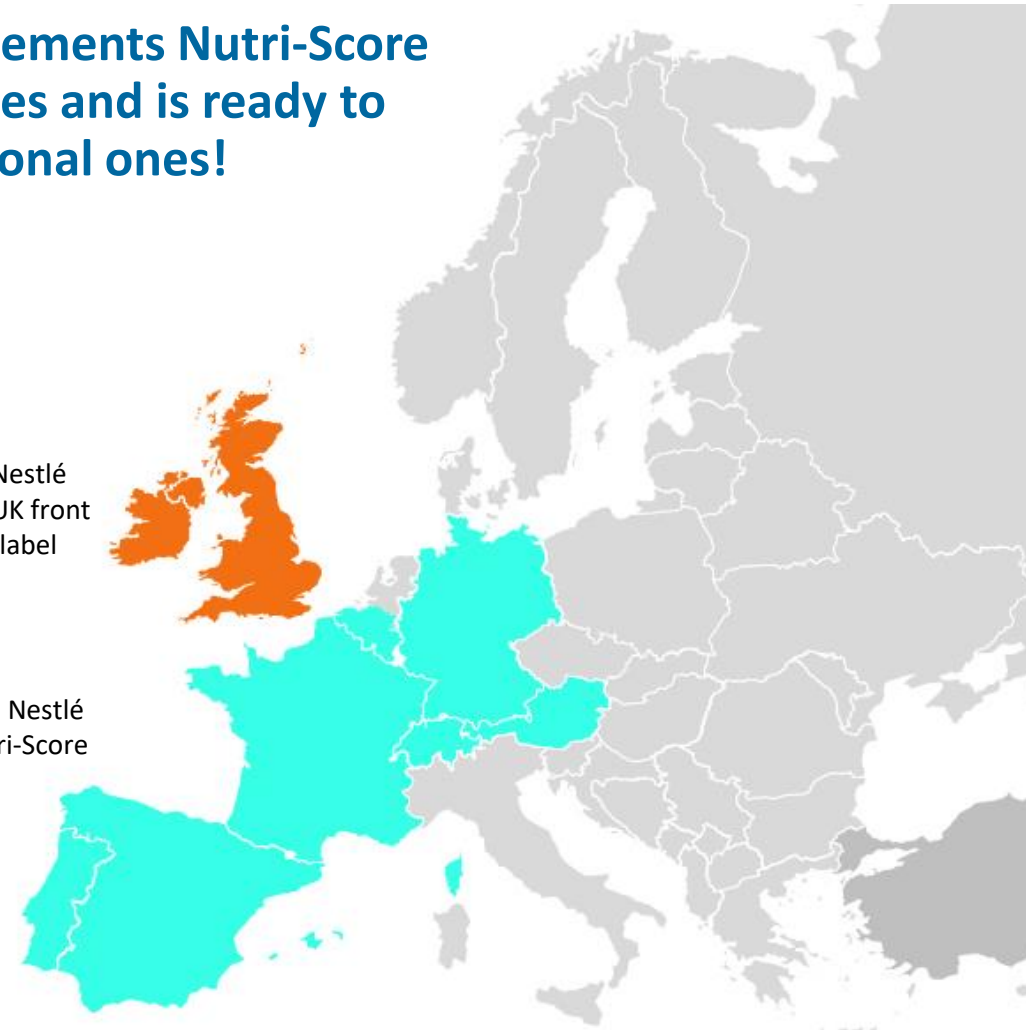

Product examples:

Nestlé implements Nutri-Score in 8 countries and is ready to go in additional ones!

■ In UK & Ireland, Nestlé implements the UK front of pack nutrition label

■ Countries where Nestlé implements Nutri-Score

Implementation to be completed by end 2021 in Austria, Belgium, France, Germany, Luxemburg & Switzerland

Implementation to be completed by mid-2022 in Portugal & Spain

Nutri-Score: a driver for product innovation and reformulation

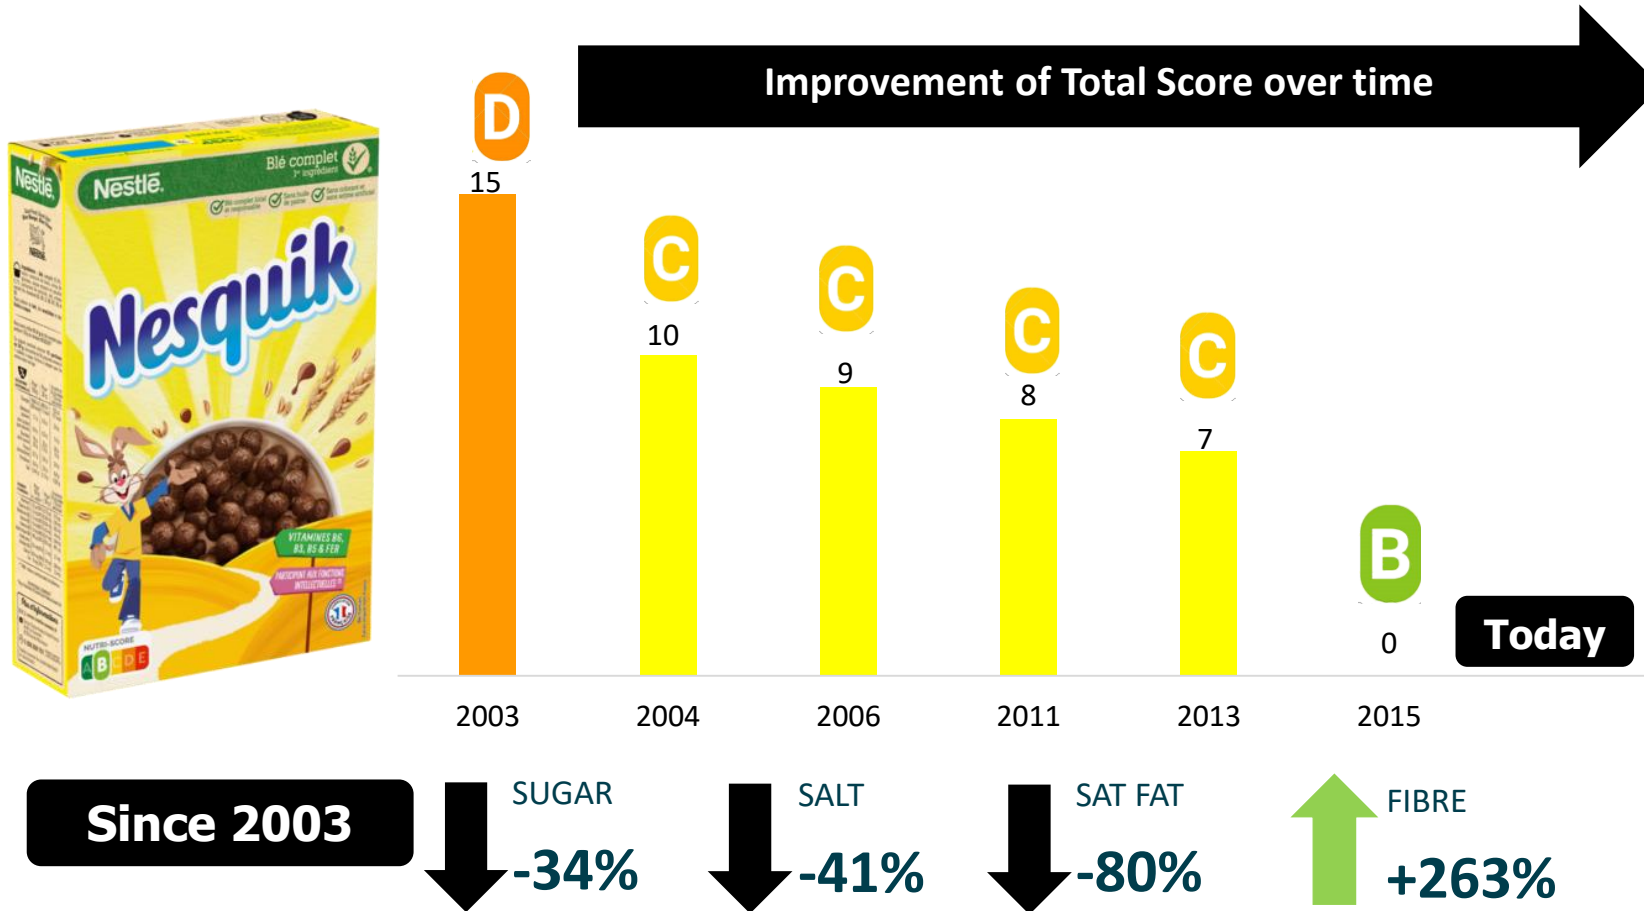

We have renovated 25% of our veggie segment within our plant-based portfolio based on Nutri-Score.

We plan to have 50% of Buitoni pizzas scoring 'B' in France by end of 2021

Nutri-Score: a driver for product innovation and reformulation

16% of Nestlé breakfast cereals in France scored 'A' or 'B' in 2019. The ambition is that more than 50% of Nestlé breakfast cereals in France are 'A' or 'B' by end of 2021.

Nestlé Good food, Good life

Let's make
Nutri-Score the mandatory
EU-wide label
