Dear Mr Bresolin,

Subject: Your application for access to documents – GESTDEM 2020/7063

We refer to your e-mail dated 19 November 2020 in which you make a request for access to documents, registered on the same date under the above-mentioned reference number.

We also refer to our letter of 10 December 2020 extending the time limit to respond to your request in accordance with Article 7(3) of Regulation (EC) No 1049/2001.

1. Scope of your request

In your request, you ask, on the basis of Regulation (EC) No 1049/2001[2], access to:

"The Advance Purchase Agreements signed with producers of Covid-19 vaccines".

2. Identification and assessment of relevant documents

We have identified six documents that fall within the scope of your request.

You will find attached a table listing the identified documents.

In an effort to ensure as complete as possible transparency of the process for the purchase of COVID-19 vaccines, we started discussions with vaccines manufacturers involved in that process about the possibility to disclose APAs concerning such purchase.

You might be aware that those efforts have already borne some fruits. Following consultations with CureVac AG on the public disclosure of a redacted version of their agreement with the European Commission for the purchase of COVID-19 vaccines, the decision was taken to make a redacted version thereof available on a webpage of the European Commission:

https://ec.europa.eu/info/files/curevac-redacted-advance-purchase-agreement_en

[1] According to standard operational procedure, the reply is usually also sent to you by registered post. Please note, however, that due to the extraordinary health and security measures currently in force during to the COVID-19 epidemics, which include the requirement for all Commission non-critical staff to telework, we are unfortunately not in a position to follow this procedure until further notice. We would therefore appreciate if you could confirm receipt of the present e-mail.
[2] Regulation (EC) No 1049/2001 regarding public access to European Parliament, Council and Commission documents (OJ L 145, 31.5.2001, p. 43).

It was further decided to make a redacted version of the agreement with AstraZeneca AB and with Sanofi Pasteur SA and Glaxosmithkline Biologicals SA available on the following webpages.

https://ec.europa.eu/info/sites/info/files/apa_astrazeneca.pdf

https://ec.europa.eu/info/files/sanofi-gsk-redacted-advance-purchase-agreement_en

We are progressing with the assessment of the other documents included in the attached list in view of their disclosure. Such assessment includes the consultation of third parties concerned and has not been concluded yet. Therefore, we are not in the position to attach a copy of those documents to our reply.

As soon as the assessment is concluded for each document or group of documents, should it result in a decision to fully or partially disclose and publish the documents, the latter will be made progressively available on a Commission webpage.

You will be informed in due course of the outcome of the ongoing assessment of the documents falling under the scope of your request and of the decision that will be taken regarding disclosure and publication of each of the documents.

In all cases where documents are only partially released or published because full disclosure would undermine the protection of one of the interests referred to in Art 4 of Regulation 1049/2001, should the interest in question cease to warrant the protection afforded by that provision, the Commission will review and adjust the corresponding redactions as needed. As a consequence, the released version of the relevant documents will be replaced with a more recent one with fewer redactions.

I trust that you will appreciate the complexity of the task undertaken by the Commission and the sensitivity of the assessment, which prevents the Commission to respond within the deadlines set out by Regulation (EC) No 1049/2001.

Yours sincerely,

Sandra GALLINA

Director-General

Enclosure: Annex with the list of documents
