Dear Personal Data Protection,

Thank you very much for confirming the date. I have sent you and Personal Data Protection webex invitations. To connect you can follow the link or dial a phone number. Normally I open the session 30 minutes before the meeting to allow to participants to test their equipment. If you wish, we could also schedule a test call the day before. Please let me know.

No doubt you are aware that all meetings of the members of a Commissioner's cabinet with interested parties have to be registered in the Commission transparency register (<https://ec.europa.eu/transparencyregister/public/homePage.do?redir=false&locale=en>). While planning this meeting I could not find Bayer CropScience SA-NV. Kindly please send me the registration number of your organisation at your first convenience.

If you have questions, please don't hesitate.

Kind regards,

Personal Data Protection

**Subject:** Bayer sustainability commitments, Green Deal - request of meeting

Dear Mr Golubiewski,  
Dear Mrs Geslain – Laneelle,

I am contacting you to explore the possibility to meet and share our perspectives on the Green Deal and the measures already launched at the end of May.

We are in the process to share our thoughts, views and proposals with the Members of the European Parliament and at Member States level, through our industry associations of course, but also directly engaging as Bayer, coherently, appreciating the role we can play in the agriculture and environmental space. Since this sharing is happening with other institutions, we would also like to share them with relevant Commission's Directorates, at the highest level.

If the proposal is appreciable to you and your team, we would appreciate if you would indicate a possible date and time slot where we could possibly connect, virtually, to bring forward such an exchange.

Very grateful for your consideration and looking forward  
to hearing back from you

Kind regards
