**Subject:** Bayer sustainability committments, Green Deal - request of meeting

Dear Mr Golubiewski,  
Dear Mrs Geslain – Laneelle,

I am contacting you explore the possibility to meet and share our perspectives on the Green Deal and the measures already launched at the end of May.

We are in the process to share our thoughts, views and proposals with the Members of the European Parliament and at Member States level, through our industry associations of course, but also directly engaging as Bayer, coherently, appreciating the role we can play in the agriculture

and environmental space. Since this sharing is happening with other institutions, we would also like to share them with relevant Commission's Directorates, at the highest level.

If the proposal is appreciable to you and your team, we would appreciate if you would indicate a possible date and time slot where we could possibly connect, virtually, to bring forward such an exchange.

Very grateful for your consideration and looking forward to hearing back from you

Kind regards
