Dear [redacted] Unit D1 of DG SANTE,

On behalf of Copa-Cogeca and in light of the current discussions taking place at the Council Working Party on Foodstuffs and elsewhere, we would like to share with you our vision for an EU front-of-pack nutrition labelling. We do believe that it is important to properly inform consumers and help them in making healthy food choices. However, we also believe that this information should not be misleading and should promote products recommended in scientifically supported dietary recommendations. We invite you to consult the attached document to get a better understanding of our vision on front-of-pack nutrition labelling.

We would be delighted to exchange further with you on this topic during a video-conference meeting or phone call.

I thank you for your time and consideration.

Best regards,

On behalf of Copa-Cogeca [redacted], [redacted]
