**Subject:** Joint letter to the Members of the Council of Agriculture on AHL

Dear Commissioners

Please find enclosed for your information, the joint letter sent to the Members of the Council of Agriculture on the crucial concerns about the implementation date of Animal Health Law (AHL). This letter is signed by COPA-COGECA, UECBV, FESASS, Animal Health Europe, AVEC and EFFAB.

After the pragmatic proposal of the Commission to postpone the implementation of the regulation on organic farming we hope that it would also be possible for the Animal Health regulation.

Thanks in advance

Yours faithfully
