Dear [REDACTED]

Many thanks for your reaction.

But sadly times you propose clash with inter institutional negotiations on labelling of tires file.

If it is possible, could you drop me few lines on why Aquind project was removed from PCIs list?

If not, then let's try to find another time slot for a phone call.

Best regards,

Dear [REDACTED]

I'd be pleased to answer your questions on the new PCI list.

I have availabilities for a phone call this afternoon from 15:00 to 17:00, or tomorrow afternoon from 15:00. Hoping it will suit your schedule?

Dear [REDACTED],

How are you doing? I hope everything is all right and fine.

I was wondering who from your DG colleagues could help me with answering few questions on PCIs?

To be more specific, it is about Aquind (electricity interconnector between UK and France) project.

Many thanks in advance and let's have a coffee one of these days.

Regards,
