Subject: 4th PCI list - draft delegated act and accompanying staff working document

Importance: High

Dear Madam/ Sir,

Following discussions with experts from your Member State in the context of the Regional Groups as laid down in Regulation (EU) No 347/2013 on guidelines for trans-European energy infrastructure and, in line with the commitments undertaken by the Commission in light of the Interinstitutional Agreement on Better Legislation, we are consulting you on the **final draft Commission Delegated Regulation amending Regulation (EU) 347/2013 as regards the Union list of Projects of Common Interest and the accompanying final draft Commission staff working document**.

The attached draft delegated act includes the 4th list of PCIs as adopted by the High-level decision making body of the Regional Groups. Please note that, in line with article 3(4) of the above mentioned Regulation *"the Commission shall ensure that the Union list is established every two years, on the basis of the regional lists adopted by the decision-making bodies of the Groups as established in Annex III.1(2), following the procedure set out in paragraph 3 of this Article"*.

Also in accordance with the above Regulation, representatives of the Member States, national regulatory authorities, transmission system operators, ACER, ENTSO-G and ENTSO-E have been involved in the drawing up of the 4th list of PCIs. Several consultations have been carried out during the process. Regional Group meetings have been webstreamed and open to a broad range of stakeholders, including consumer and environmental organizations.

Should you have any final comments to the attached draft delegated act, please let us know by 23 October 2019.

Yours sincerely,

[REDACTED]

Acting Head of Unit
Networks and regional initiatives

European Commission

DG ENER

Unit B1
