Subject: Call on ETS/CORSIA

Dear [REDACTED]

in preparation for the introduction of CORSIA, Lufthansa has analyzed the accuracy, robustness and efficiency of the CORSIA monitoring methods (funded by the German Ministry of Transport, report attached). This report has been forwarded to the European Commission, [REDACTED] on behalf of the German Emission Trading Authority.

Time permitting – would you be available for a short call? We would like to introduce you to our findings and/or exchange on the harmonization of ETS and CORSIA in general (I have added our position paper).

Please let me know what suits you!

Best regards
