

Report of the [REDACTED] Roundtable on Cloud & Edge organised on 16/12/2020

Commissioner Breton invited [REDACTED] European Cloud & Edge companies for a roundtable discussion in order to prepare the launch of a European industrial alliance on industrial Cloud & edge. During this exchange each of [REDACTED] the 20+ European companies had the opportunity to express its views and ambitions for a European strategy on the matter. There was a large support by the European companies to launch an industrial alliance and prepare the development of the next technologies needed to position Europe on the industrial data market. The Companies proposed to present a technological roadmap in this perspective.
