Dear Executive Vice-President Timmermans,

Dear Executive Vice-President Dombrovskis,

Dear Commissioner Breton,

Dear Commissioner Simson,

Dear Commissioner McGuinness,

Please find attached to this email a joint letter from a coalition of 16 European industrial and research organizations on the upcoming delegated act of the Taxonomy Regulation on climate change in light of the EU Hydrogen Strategy.

The signatories (ABB, ArcelorMittal, CEA, CEZ Group, EDF, ENGIE, France Hydrogène, Fortum, McPhy, MVM, NuclearElectrica, Slovenské elektrárne, Uniper, UPM, Vicat, VTT) call on the European Commission to pay specific attention to the hydrogen emission criteria in the review of the Delegated Act with a view to achieving both the EU hydrogen leadership ambition and ambitious carbon emissions reduction.

The signatories remain at your disposal for any further assistance.

Yours sincerely,

[REDACTED]
