FW: Invitation to Hydrogen Europe event on "Hydrogen Act"

Good afternoon,

[REDACTED] asked me to thank you for your kind invitation to participate in the Hydrogen Europe event on "Hydrogen Act".

Unfortunately, due to the extremely heavy agenda in May she will not be able to participate.

But we are looking forward to the fruitful discussion on this topic with you in June (exact time is still being discussed with [REDACTED]).

Kind regards,

[REDACTED]

European Commission

Directorate General for Energy

C: Green Transition and Energy System Integration

Subject: Invitation to Hydrogen Europe event on "Hydrogen Act"

Dear [REDACTED],

During the month of April, Hydrogen Europe published its "[Hydrogen Act](#)" paper. This paper is essentially a follow up to our [2x40GW initiative](#) and sets out a roadmap and proposed umbrella framework to help turn the ambition of the EU hydrogen strategy into a reality.

The Hydrogen Act was launched as part of the Hydrogen Event organised by the Portuguese Presidency of the EU on 7th April. Now we would like to organise an event bringing together a wide range of stakeholders. The proposed date/time for the event are:

- Date(s): 25-26-27 May (precise date TBD based on Commissioner's availability)
- Time: either 10:00-12:00 or 14:00-16:00

Within the context of the upcoming “Fit for 55 package” and the “hydrogen and decarbonisation of gas package” planned for the end of this year, the aim of this event will be to focus and exchange on key elements related to clean hydrogen market uptake and the related infrastructure needs. This event aims to bring together stakeholders from across the hydrogen value chain, key stakeholders from the EU institutions and civil society, with a view to fostering meaningful discussion on the future of the EU energy system and the role of clean hydrogen therein.

We would be delighted if you would be able to take part in this event as a speaker during our first panel focusing on **market related aspects**. You will find more details about the event in the attached concept note.

Thank you for your time and consideration. We look forward to hearing back from you and remain at your disposal.

Sincerely yours,
