Dear [REDACTED],

On behalf of [REDACTED], thank you very much for the invitation to speak on 10 December at your webinar on Protecting vulnerable populations from COVID-19. I can hereby confirm Inma's participation.

In the description of the event, you can refer to her as [REDACTED], Médecins Sans Frontières, Representative to the EU and NATO

For the title of her intervention, we would only suggest a slight change from migrant centers to migrants and refugees. "Supporting the COVID-19 response for vulnerable populations: nursing homes and migrants and refugees"

Thanks again and kind regards,

[REDACTED]

Subject: To [REDACTED] : Invitation to MSF webinar - on 10 December 2020 at 11:30 CET, Brussels time

It is our pleasure to invite you to speak at our **webinar on protecting vulnerable populations from COVID-19**, which will take place on **10 December 2020 at 11:30 CET**, Brussels time.

The COVID 19 pandemic is an unprecedented challenge to our societies that touches every citizen in one way or another but that puts the most vulnerable among us at even greater risk. This webinar will focus on how to provide better protection for those who most need it .

We welcome your valuable input and hope that you will be able to take this opportunity to inform a broad audience about your work. See below the draft agenda for this webinar, with your time slot and potential presentation topic: Each speaker is limited to just 10 minutes, so preparation time should not be too burdensome.

Please confirm your participation by 2 December, close of business.

If you are able to accept this invitation, please provide a definitive title for your presentation (if it differs from our suggestion), along with the correct spelling of your name and job title. If you are unable to accept, please suggest someone in your organisation who might be able to participate in your place, if appropriate.

Many thanks in advance.

With kind regards,
