Subject: [REDACTED] Request for a meeting on CBAM

Dear Mr Freimanis,

[REDACTED] is an industry alliance that brings together more than 20 European trade associations committed to manufacturing in the EU on a truly level playing field, ensured by an international, rules-based free and fair trade framework. Our members account for more than €500 billion in annual turnover, as well as for millions of jobs across the EU.

Our association is strongly committed to free and fair trade and would like to present to you the views of our membership following in depth analysis on our side on the carbon border adjustment mechanism.

[REDACTED] believes a CBAM must be designed so as to contribute to the objective of decarbonisation in the EU by strengthening and completing existing measures which currently protect European industries from the risk of "carbon leakage". Attached you can find our answer to the public consultation.

We suggest that a time slot of about an hour should be dedicated to this discussion.

Looking forward to having a positive reply from your side.

Thank you in advance.

Kind regards,

[REDACTED]
