Subject: Solarpower Europe meeting with Commissioner Arias Cañete on 29/05

Dear [REDACTED], dear all,

We would like to thank you again for giving us the opportunity of meeting with the Commissioner Cañete last week, and for your support in organizing this event.

Our national solar associations representatives extremely appreciated the opportunity to share their recommendations and the very productive discussion with the Commissioner on the situation at national level.

I attach to my email the digital versions of the NEC_P contributions that were handled to the Commissioner by our Czech, Irish, Slovak and Romanian solar associations.

In addition, please find here our Industrial strategy recommendations published in march 2019. They were also presented and discussed during the meeting, and we very much hope that this will support ongoing reflections on industrial strategy for the future Eu mandate.

We remain fully available to continue the discussion with you, and wish you all a great end of the week.

Best regards,
