Subject: Follow-up to our discussions on AFID + request for meeting

Dear [REDACTED],
Dear [REDACTED],

I hope this email finds you well. I am contacting you for two reasons :

- First of all, as a follow up to our call of beginning of May, I would like to share with you more details on the conditionality principle that we suggest to implement in order to link the CO2 targets for cars and vans to the deployment of alternative fuel infrastructure. [REDACTED] and myself remain of course at your disposal for further information
- Secondly, our [REDACTED] of the Board of Management of BMW Group, [REDACTED] will be in Brussels on 18 June afternoon and/ or 30 June afternoon. He would be glad to have the opportunity to meet with Ms Valean. As we already had few meetings with her and her cabinet, I preferred to approach you first to see if she would be interested in such a meeting. Alternatively, and if Ms Valean does not meet external stakeholder in person yet because of COVID restrictions, [REDACTED] would be available for a conference call at the following dates:
 - o 15 June from 9 to 1pm
 - o 18. June from 10 to 1pm
 - o 30. June 10 to 1pm

Looking forward to continuing our discussions.

Kind regards,

[REDACTED]
