

European Commission
Rue de la Loi 200
1049 Brussels

For the attention of
Mr. Thierry Breton
EU Commissioner for Internal
Market

25 May 2021

Dear Commissioner Breton, [REDACTED]

I write to you as I have recently been elected President of the Union of the European Electricity Industry - Eurelectric.

The 2020s will be a decisive decade to accelerate the transformation of our societies and industries to effectively reduce CO₂-emissions and ensure that we can deliver on the objectives of the Paris Agreement.

Together with [REDACTED] Electrica, and [REDACTED] E.ON, we will do our best to mobilise the power sector and make the European Green Deal a reality with the help of renewable and carbon-neutral electricity.

I am pleased to share our Presidency manifesto - attached to this letter - which sets out our key priorities.

I would be keen to meet with you to discuss Eurelectric's recommendations to make EU's industry "Fit for 55" with the power sector as a key enabler. The Eurelectric Secretariat will be in touch to identify a suitable time, I will for instance be in Brussels on June 23rd.

I look forward to hearing from you and engaging further.

Best regards, [REDACTED]

[REDACTED] Eurelectric
