Dear [REDACTED],

We would like to thank you once again for your time and interest in Glovo's reputation portability work. As agreed, we are sending you the presentation from today's meeting attached to this email.

We would also like to use this opportunity to share with you our draft Statement of Principles of EU technology platforms, which was developed by a group of European digital champions that were born and are based in the EU (Bolt, Delivery Hero, Glovo and Wolt). We have shared this draft SOP with a wide network of public and private stakeholders interested in platform work and are currently collecting their feedback. If you have any ideas or questions about the SOP's contents, we would be glad to address them and take your views into account when we finalize the SOP.

In the meantime, we wish you a pleasant holiday season and a Happy New Year.

Best regards,

[REDACTED]
