

**Minutes from the meeting with meeting with Uniper
21/10/2021 – 15:00 -15:30 (BERL – 12/274)**

Participants from Uniper

[Redacted] Uniper
[Redacted] Uniper

Participants from EC:

Ms Sarah Nelen, Deputy Head of Cabinet for EVP Frans Timmermans

Ms Aleksandra Tomczak , Member of Cabinet for EVP Frans Timmermans

Ms Tatiana Marquez Uriarte, Member of Cabinet for Commissioner Kadri Simson

Presentation of the company:

- Largest gas traders
- Gas-fired power generation
- Gas storage operations across Europe and Germany
- Coal exit on-going (expansion of renewables and hydrogen)
- Carbon neutrality target by 2035

Uniper has hydro power assets but want to get into wind and solar area via M&A. have a PPA portfolio of 15 TWh.

Aim of the meeting is to discuss the Delegated Act on additionality, RED2 and RED3 and the gas package.

On additionality: want to see a pragmatic stance on the implementation of this principle.

On state aid guidelines: want to see more possibility for not only CAPEX but also OPEX for electrolyzers. CCfDs could be a good instrument

Imports of hydrogen needed in large scale (Uniper has project in the north of Germany converting a former coal plant site to electrolyzers and import facility for hydrogen. H2 global project was mentioned as a possible pilot to be extended at the level of the EU – tendering processes for green hydrogen products from outside of Europe
