Dear [REDACTED]

Commissioner Breton would like to have another meeting with [REDACTED]s from energy-intensive industry sectors. You remember that he had two meetings last Spring to discuss COVID impacts and recovery needs. This one would look ahead to the updated industrial strategy (due 27 April) and cover things like preparation of an IPCEI for low-carbon industry; needs in terms of access to affordable, decarbonised power and low-carbon feedstocks; how the Fit for 55% package can support investment in clean technologies and provide effective carbon leakage protection, and how the RRF can accelerate the twin transition. As you did last time, could you please provide the names and contact details for the web call of one [REDACTED] per sector who would be available on one of the two possible dates for a meeting lasting around 60-90 minutes, i.e.: **24/03 between 14h-17h or 25/03 either 10h-13h or 14h-18.**

Sectors: **steel, chemicals, refining, cement, pulp/paper, fertilisers and non-ferrous metals.**

I would be grateful if you could get back to me as soon as possible so that we can

confirm the best timeslot.

Regards,

[REDACTED]
