

Brussels,

NOTE TO THE FILE

**Subject: Meeting between Mauro Petriccione, Director General and [REDACTED]
[REDACTED] Eurofer**

Participants:

- Eurfoer. [REDACTED]
- DG Climate Action: Mauro Petriccione (Director General), [REDACTED]

Eurofer summarized the situation of steel industry and presented its views regarding the forthcoming 'fit for 55 package'. They underlined the impact of carbon prices on the competitiveness of industry and the need to ensure a gradual transition between the current regime of free allocation and any modification related to the introduction of a Carbon Border Adjustment Mechanisms (CBAM).

The stressed the importance of putting in place the right financing mechanisms for the decarbonisation of the European steel industry.

DG CLIMA took note of the comments and positions expressed by industry and concluded by saying that further meetings can take place once the proposals are adopted on 14 July.
