Dear Mr Colombani,

I hope this email finds you well. I am following up on the email I sent you a few days ago to set a meeting with you to discuss our organisation's position vis-à-vis the carbon border adjustment mechanism initiative. I would like to point out the fact that we have had several meetings with DG CLIMA, DG TAXUD, DG TRADE and Commissioner Dombrovskis's cabinet and we were told by Mr Gints Freimanis that it is important to meet with you as well.

Many thanks in advance for considering our demand and hope to hear from you soon.

Kind regards,

Subject: AEGIS Europe - Request for a meeting on CBAM

Dear Mr Colobani,

AEGIS Europe is an industry alliance that brings together more than 20 European trade associations committed to manufacturing in the EU on a truly level playing field, ensured by an international, rules-based free and fair-trade framework. Our members account for more than €500 billion in annual turnover, as well as for millions of jobs across the EU.

Our association is strongly committed to free and fair trade and would like to present to you the views of our membership following in depth analysis on our side on the carbon border adjustment mechanism.

The Alliance believes a CBAM must be designed so as to contribute to the objective of decarbonisation in the EU by strengthening and completing existing measures which currently protect European industries from the risk of "carbon leakage". Attached you can find our answer to the public consultation.

We suggest that a time slot of about an hour should be dedicated to this discussion.

Looking forward to having a positive reply from your side.

Thank you in advance.

Kind regards,
