Dear [REDACTED]

Following the advice below from Ms Nelen's office I would be very grateful if we could arrange a meeting with Ms. Braun in the second half of February or early March.

Please find below my official request and let me know whether you need any additional information from our side.

Thank you very much

Dear Ms. Braun,

I would like to explore the possibility of scheduling a virtual meeting in the coming weeks between you and [REDACTED]

We would like to discuss with you how advanced recycling can support the circular economy by helping to address the problem of plastic waste and achieve the EU's recycling targets – a discussion of particular relevance ahead of the revision of key legislation, including the Waste Shipment Regulation and the Packaging and Packaging Waste Directive.

At ExxonMobil, we share society's concern about the amount of plastic waste that leaks into our oceans and environment, a challenge we are tackling through an ambitious R&D programme to increase plastic recyclability and to improve plastic waste recovery. We are convinced that our work can support the EU's green goals and environmental ambitions, and we would be grateful to further discussing this with you and learning from your priorities and vision.

I look forward to hearing back from you and hope we can find a timeslot that suits your agenda.

Thank you very much for considering.

Best regards,

Dear [REDACTED]

On behalf of Ms Nelen, thank you for your message.

Unfortunately, Ms Nelen's busy agenda does not allow her to meet your request.

However, should you be interested in meeting a Cabinet representative, you could directly address to Ms Helena Braun who is the member responsible for circular economy, sustainable product policy, biodiversity and ecosystems among the other competencies.

I add on copy [REDACTED], for any further contacts.

With kind regards,
