Dear Mr. Moutarlier, Ms. Caudet, Ms. Weinzierl,

I’m writing on behalf of Eurometaux to follow up on your email sent last week proposing a meeting on the Sustainable Corporate Governance initiative.

Would you have any availabilities in January, before the publication of the Commission’s proposal? We would be very grateful if you could suggest some possible dates that would suit your schedule.

Wishing you a Merry Christmas and a Happy New Year.

Thank you and kind regards,

Dear Mr. Moutarlier, Ms. Caudet, Ms. Weinzierl,

We are contacting you on behalf of Eurometaux (European metals association) in view of the Sustainable Corporate Governance initiative you are currently working on for later in 2022.

In a view of this, please find attached a letter Eurometaux has co-signed today with other relevant sectors supporting the EU’s objective to ensure respect for human rights and the environment through an EU-harmonised regulatory approach to due diligence.

On behalf of our members’ companies, European smelters, and recyclers, we would like to ask you for a meeting ahead of the publication of the Commission’s proposal. We would very much welcome this opportunity, so we can bring to your attention our elaborated argumentation to the key points of the forthcoming proposal. A Eurometaux representative would be joined by a set of due diligence industry experts.

Thank you for your kind attention and consideration.

Kind regards,

Eurometaux – European Metals Association
