Final

BTLE Expert Subgroup meeting

29 October 2020, Remote

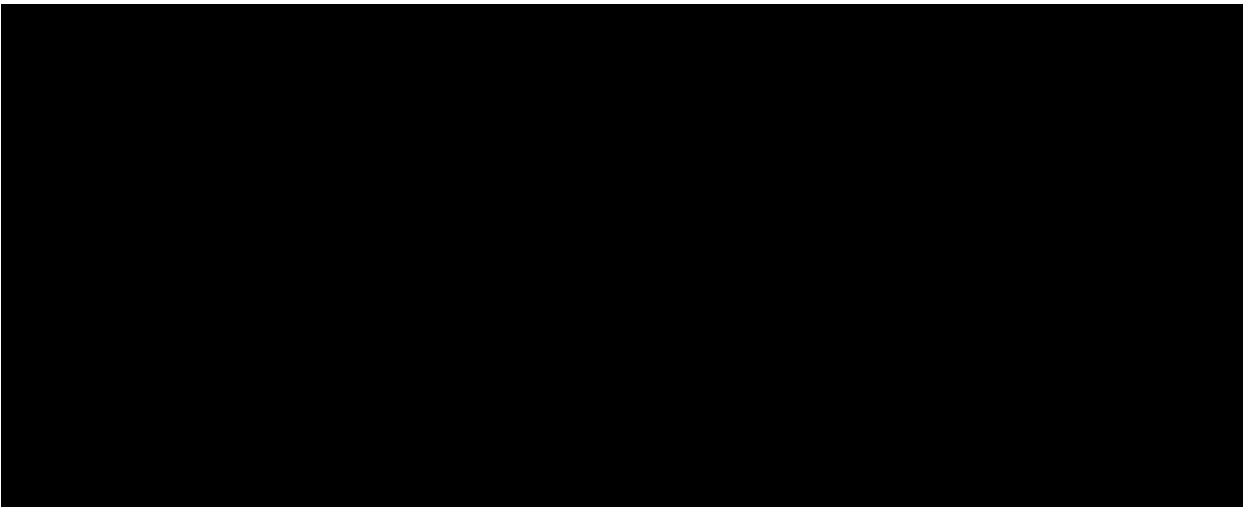

## Item 4: Implications of the Schrems II ruling

### **b. Update of WP237 on European Essential Guarantees**

The BTLE ESG members discussed the last draft of the recommendations on the European Essential Guarantees for surveillance measures that will update the WP237 on European Essential Guarantees. The discussions revolved around the rearrangement of some parts of the document, the scope of the concept of surveillance, the prior authorization of surveillance measures by judicial authorities, the consistency of the document with the current draft recommendations on supplementary measures and the presentation and content of the final remarks.

The Coordinator asked the BTLE ESG members to send any additional drafting suggestions they may have, further to their interventions during the meeting, before the end of 30 October.
