

Meeting on investments into carbon removals of Executive Vice-President Timmermans with CEOs of Arla Foods, Bayer, Nestle, Rabobank, Syngenta and Yara International

Objective: an informal discussion on the practical experience with carbon farming in the EU.

Issues to be addressed by EVP Timmermans:

- Roadmap for the carbon farming initiative.
- Objectives of the initiative.

Issues to be addressed by CEOs:

- Vision and strategy for climate-neutrality in the food value chain and the role of carbon farming as a new business model for land managers.
- Experience with carbon farming – where are you today, what has worked well, what are your main challenges, and what are your plans for the next years?
- Expectations for the EU carbon farming initiative – how can the EU help to upscale carbon farming and to create a level playing field?

Choreography:

11.45 – welcome by Lukas Visek, setting the objectives of the meeting

11.47 – a short introduction by EVP Timmermans

11.50 – company's experience and expectations (4 minutes in alphabetical order of companies)

12.15 – discussion

12.25 – closing – EVP Timmermans
