

Sustainable Carbon Cycles Conference

Draft Agenda

31 January 2022

Welcome participants: 10:00-10:05

Opening Commission: 10:05-10:25

- Interview Frans Timmermans (EVP European Commission)

Opening French Presidency: 10:25-10:45

- Barbara Pompili (Ministre Transition Ecologique - FR)

Plenary Session: Towards Sustainable Carbon Cycles - 10:50-12:10

Moderator: Mauro Petriccione - Director General for Climate Action (European Commission)

- Khashayar Farmanbar (Minister Energy SE) (tbc)
- Ville Niinistö (Member of the European Parliament) (tbc)
- [REDACTED] (Nestlé, [REDACTED] for Nestlé Europe) (tbc)
- [REDACTED] [REDACTED] Home Care, Health & Well-being) (tbc)
- [REDACTED] [REDACTED] Rabo Carbon Bank) (tbc)
- [REDACTED] (Microsoft [REDACTED]) (tbc)

Perspectives on Carbon Farming: 12:10-12:40

- Julien Denormandie (Ministre Agriculture FR)
- Janusz Wojciechowski (Commissioner Agriculture)

Lunch Break - 12:45– 13:45

Keynote: IPCC lead author (tbc) - 13:45 – 14:00

Parallel Session III: Deploying carbon removal solutions -14:00 – 15:15

Session IIIa: Carbon Farming

Moderator: TBD

Introduction (10 min presentation): Potential for Carbon Farming in the EU (tbc)

Panel Discussion with experts and stakeholders.

Session IIIb: Industrial solutions

Moderator: TBD

Introduction (10 min presentation): Global and regional needs for industrial carbon removals (tbc)

Panel Discussion with experts and stakeholders.

Plenary Session IV: High-quality standards for carbon removals - 15:15 – 17:15

Session IVa: A demanding society - 15:15 – 16:15

Moderator: TBD

Introduction (10 min presentation): Overview of corporate support for high quality carbon removals (tbc)

Panel Discussion with experts and stakeholders.

The session will discuss the demand for carbon removals

Session IVb: Certification of carbon removals - 16:15 – 17:15

Moderator: TBD

Introduction (10 min presentation): CRC-M study on devising a carbon removal certification of mechanism

Panel Discussion with experts and stakeholders.

The session will discuss the design of a certification mechanism for high quality carbon removal

Closing Remarks - 17:15 – 17:25

- Yvon Slingenberg, Director DG CLIMA
