For registration.

I would be positive about this, a chemical [REDACTED]'s roundtable about hydrogen.

Hi Kitti!

I hope all is well! Home office here, for far too long!

Question for your advice.

As of October (after the H2 session 😊) I have a new mandate, budget and Board!

Our new [REDACTED] is [REDACTED] [REDACTED] of BASF.

I would like to ask if your Commissioner would be interested in a video meeting with [REDACTED] and a small delegation of other [REDACTED] – to discuss especially electrification of industry and H2.

Would you think that could be possible and interesting?

Please advise,

Kind regards
