Dear Stefano and Thor-Sten

I hope you are well and coping given the terrible events unfolding. I'm shocked and disturbed, but got into a "keep calm and carry on" concentration into managing the energy crisis and planning for the responses. I will be in Brussels on the 17 - 18th of March, I will have a discussion with the colleagues at DG Energy ([REDACTED] with whom I worked closely in the IEA days). If I can be of help to you to assess the situation, I will be at your disposal. My colleague [REDACTED] is coordinating.

Best regards
