Dear [REDACTED]

First of all my apologies for having had to leave the expert meeting early yesterday. I had to accompany our minister for Nature and Nitrogen on a working visit in the border region NL-BEL together with her Flemish colleague.

As promised by [REDACTED], I herewith send you the links to the following documents (only available in Dutch):

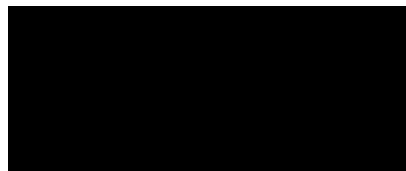

- Initial Memorandum on the National Progamme Rural Areas Integrated, area-based approach to nature/nitrogen, water and climate)

As for the Initial Memorandum, I would like to draw your attention in particular on:

- The map on p. 23, mapping the indicative emission reduction objectives (nitrogen), The final (binding) objectives will be laid down in the provisional area plans (1 July 2023). I have attached a more clearer picture as attachment.
- P. 27/27: Total overview of objectives (nature, water, climate), as well as annex 1
- P. 53: escalation mechanism
