Dear [REDACTED]

I just checked with the assistant of [REDACTED], and these slots do not work. He has on 8 July a meeting all day, and on 11 July we have a meeting as well in the afternoon.

Any other possibilities perhaps?

Best,

[REDACTED]

Dear [REDACTED]

Of course, there is no problem. Would it be possible to move to 8 July at 10.00 or to 11 July at 15.00?

13-15 July it is not possible at all I am afraid.

Best regards,

[REDACTED]

Dear [REDACTED]

Please accept my apologies but I am afraid I have to postpone this week's call.

Would it perhaps be possible to move the call to next week? Or two weeks later?

Best regards,

[REDACTED]

Dear [REDACTED]

apologies for not coming back earlier with an answer to your request to meet Ms Rueda Catry.

Unfortunately, on top of the already busy schedule, the latest events added even more pressure leading to the difficulty of finding availabilities for meetings, especially at short notice. Ms Rueda Catry will not be therefore able to see you on 23 June but there would be a possibility towards the end of the month, hoping that the situation will calm down a bit here:

29 June: 16.00 – 16.30

1 July: 10.00-10.30 or 15.00 – 15.30

I would be grateful if you confirm one of the options specifying if 30 min would be enough. If none of these suggestions fit you, we will try to adjust accordingly but please send us your preferences.

Best regards,

 **Ms Cristina Rueda Catry**

Dear Ms Rueda-Catry,

I am just checking whether you know perhaps more about the outcome of the meeting request below.

I set up earlier this week a meeting on 23 June 2022 in the Berlaymont Building. So perhaps you are available on 23 June as well.

Best regards,

Subject: Meeting request VDMA

Dear Ms Rueda-Catry,

In your capacity as a Member of the Cabinet of Valdis Dombrovskis, I would like to request a meeting in Brussels with you on behalf of the German Mechanical Engineering Industry Association (VDMA) to discuss trade relations with Mercosur and India.

VDMA represents more than 3.400 member companies in the mechanical engineering industry in Germany and Europe. The industry stands for innovation, medium-sized businesses and employs around four million people in Europe, of which more than 1 million are employed in Germany alone. The sector is the largest industrial employer and one of Germany's leading sectors of industry overall. Moreover, our member companies sell their products mainly abroad; the export ratio of our industry is around 80%. The capital goods industry is, therefore, dependent on open markets worldwide. For this reason, VDMA supports the EU in its quest for free and rule-based trade. The meeting would be attended by [REDACTED] who is the [REDACTED] VDMA in Frankfurt, and by [REDACTED], who works at the [REDACTED] of VDMA in Brussels. We are looking forward hearing from you.

Yours sincerely,

[REDACTED]
