### Date and Format

14 October 2022 - Physical meeting at Berlaymont

### Minutes

Topic: Crisis Management and Deposit Insurance

BPCE presented their views on the reform of the crisis management and deposit insurance framework. The methodology to calculate banks' contribution to the Single Resolution Fund should better reflect risks and mirror the actual probability that the contributing bank may need SRF support. A strict implementation of the 8 % MREL threshold by all banks to access the SRF is key. The prime role of the Deposit Guarantee Schemes should remain to pay out depositors.
