Subject: Thank you and follow up on Soil Mission

Dear [Name],

It was a pleasure to meet you two weeks ago in Brussels. We appreciate your time and your encouragement to move things forward and get down to specifics.

Following our conversation, we met with [Name] and her team to discuss how we might be able to move things forward under the Soil Mission. We are exploring specific topics under the mission where we might be able to align and co-invest.

With the review of the Soil Mission happening in June, we are happy to discuss if some form of public support from the foundation for this mission would be useful. While signing on to the forthcoming Charter would be difficult for us, there may be other hooks we could explore, such as the DG AGRI conference at the end of May or the AU-EU agriculture ministerial in June (if this is not too late in the day).

We look forward to hearing from you,
