Dear [REDACTED],

On behalf of Mr Kempener, I would like to thank you for your email below.

For a meeting in person, I can suggest **Friday 31 March in the morning**, between 9h30 and 12pm. I would be grateful if you could let me know whether this date would be convenient for CEMEX representatives and whether you have any preference as regards timing? Please note that the meeting should not exceed 45 minutes.

Looking forward to hearing back from you,

Best regards,

[REDACTED]

European Commission
Cabinet of Kadri SIMSON, Commissioner for Energy

[REDACTED]

I would also like to highlight that for reasons of public transparency, Commissioners and Cabinet members only meet organisations or self-employed individuals that are registered in the EU Transparency Register (see here: <http://ec.europa.eu/transparencyregister>). Therefore, I would kindly invite you to register if you haven't yet done so, and send me your registration number before the date of the meeting.

Subject: RE: CEMEX meeting invitation - CCUS and CCU

Dear Mr Kempener,

Ms Glowacka has informed me that you are in charge of the CCUS and CCU policies in the Cabinet. Therefore, on behalf of [REDACTED] an in-person meeting to you as well. This would be an opportunity to discuss the right framework conditions enabling the realisation of industrial CCU projects contributing to the EU's decarbonisation objectives and, more specifically, timely decarbonisation of the air and maritime transport.

[REDACTED] remain flexible in selecting a date that would suit your schedule. should you be interested in conducting the meeting.

On behalf of CEMEX, I want to thank you in advance for considering this request.

We look forward to your response.

Kind regards,

[REDACTED]

Subject: CEMEX meeting invitation - CCUS and CCU

Dear Ms Glowacka,
Dear Ms Marquez Uriarte,

I am contacting you on behalf of **CEMEX** – a global building materials company committed to achieving carbon neutrality through innovation and industry - leading R&D with a planned project in Germany to **turn CO2 into sustainable synthetic chemicals like aviation or marine fuel.**

In the context of the upcoming **Communication on Carbon Capture, Utilisation and Storage (CCUS)** recently announced by Commissioner Kadri Simson, [REDACTED] at CEMEX EMEA, and [REDACTED] at CEMEX Europe, would like to request a meeting with you, preferably in person. This would be an opportunity to discuss the **right framework conditions enabling the realisation of industrial CCU projects** contributing to the EU's decarbonisation objectives and more specifically, a timely decarbonisation of the air and maritime transport.

CEMEX is a global building materials company with extensive operations in Europe, including more than 600 ready-mix concrete plants, 150 quarries, and 19 cement plants, employing almost 11,000 people. As part of its "Future in Action" program, CEMEX is developing a Carbon Neutral Alliance in Germany to test and accelerate innovative technologies to reach carbon neutrality at its [Rüdersdorf](#) plant by 2030. CEMEX has SBTi validated target of being a climate neutral company globally by 2050.

Given the decisions to be made within the Alliance regarding the viability of CCU projects, an exchange with you would help to understand better the Commission's position on industrial CCU and related upcoming initiatives and, at the same time, to exchange on the challenges and opportunities faced by the industry as well as its contribution to the EU's objectives.

[REDACTED] remain flexible to select a date that would suit your schedule, should you be interested to conduct the meeting.

On behalf of CEMEX, I thank you in advance for the consideration of this request.

We look forward to your response.

Kind regards,

[REDACTED]
