Dear [Name],

I am very pleased to inform you that your application to the ‘Technical Advisory Board on Environmental Footprint’ (Expert group E03710) as representative of European Farmers/COPA COGECA has been successful. The group, currently chaired by a representative of DG Environment, consists of life cycle assessment experts of stakeholders, Members States and the European Economic Area and individual experts.

The group provides the Commission with advice and expertise on technical issues related to the Product and Organisation Environmental Footprint methods (PEF/ OFE). This includes advice and expertise related to the development of PEF category rules and OFE sector rules and new methodological developments.

This is a continuously open call; therefore, new members can join the meetings in the future. The list of members and observers will be published in the Commission Register of expert groups.

The groups is expected to meet three times a year. The schedule will be available on the Register of Commission expert groups. This is where we will also share public documents related to the activities of the expert group.

In addition, the expert group has a working space on the Environmental Footprint wiki. Nominated members have access to the wiki in case they have an EU Login. Please create an account in case you do not yet have one.

I would like to remind you that the registration in the Transparency Register is an obligation for Type C and Type B members of Expert group. Therefore, if not already done, I would like to remind you to communicate your Transparency Register number to [Redacted] (e-mail: [Redacted]@ec.europa.eu) as soon as possible.
(e-mail: [redacted]@ec.europa.eu) is the main contact person for this Expert group. Please do not hesitate to contact her for any information you may need.

We look forward to working with you.

Yours faithfully,
