Dear Mr. Lahti, Dear Mr. Doens,

You will find attached the list of participants/timelines for tomorrow’s meeting. We have done our best to ensure that all relevant sectors are represented tomorrow. We are also pleased to inform you that we have been able to secure the participation of the leading European investor in the infrastructure sector who has a very clear vision of the issues to be addressed and who will make an initial presentation.

However, despite our efforts, with 18 participants we are 10 minutes over schedule, so we would be really pleased if you could have the kindness to allow us 10 more minutes.

As agreed, the Task Force members have been asked to prepare their interventions in the meeting (following the exchange with your colleagues) and address the following key issues and questions:

**A - Priority countries/regions and sectors:**

1. In which third countries/regions and sectors are European private companies particularly keen in investing in and why?
2. In other words, which are the most interesting countries/regions for each sector in terms of opportunities, presenting lower investment risks?
3. In each of the most interesting third countries/regions (from an investment perspective) which have been identified, which are the barriers for investments that still need to be removed?

**B - New guarantee agreements under EFSI+ for 2023:**

4. How can the new pipeline of projects materialize in the course of 2023?
5. How can in this context the role of the EIB and of the development finance institutions (DFIs) be optimized and 'Team Europe' help the European private sector companies with investments?

**C - Global Gateway governance framework:**

6. How should the interaction between the Global Gateway Board and private companies be facilitated?
7. What are your expectations regarding the Business Advisory Group the Commission intends to set up?

We are looking forward to the interesting discussion.

Best regards,
CONSEIL DE COOPERATION ECONOMIQUE

114, Boulevard Haussmann
