Join the Brown Bag Lunch on "Child protection and care reform in Enlargement countries" on Wednesday 22 November from 12.00 to 13.30 CET, on WebEx!

The EU is committed to respecting, promote and protecting children’s rights, to build a better future for all children, a priority of our human rights policy, in line with its commitment to make progress on the Sustainable Development Goals (SDGs).

In enlargement countries, the prospect of EU accession can foster great momentum to – in particular - reform child protection and care, and transition from institutional, to family- and community-based care.

To explore key issues related to child protection and care reform, as well as EU and international policy frameworks – including upcoming strategic documents -, and the role of EU external action in these processes, we invite you to join us in this Brown Bag lunch.

Speakers will include:

- colleagues from DG JUST
- colleagues from DG EMPL
- colleagues from DG NEAR – who will zoom in on relevant current issues in some of our countries
- child protection and care experts from two NGOs (Hope and Homes for Children, and Lumos) who will bring in their insights from the field.

Read the agenda and find the connection details below.
