Subject: Your application for access to documents EASE 2023/7292

Dear Mr Fanta,

We refer to your request for access to documents of 8 December 2023 pursuant to Regulation (EC) No 1049/2001 of the European Parliament and of the Council of 30 May 2001 regarding public access to European Parliament, Council and Commission documents (hereinafter ‘Regulation 1049/2001’), registered on the same day under the above-mentioned reference number. Reference is also made to our holding reply, dated 9 January 2024, our reference Ares(2024)133785, whereby we informed you that the time limit for handling your application was extended by 15 working days pursuant to Article 7(3) of Regulation 1049/2001.

1. SCOPE OF YOUR APPLICATION

By your application, you request access to the following:

‘(...) Under the right of access to documents in the EU treaties, as developed in Regulation 1049/2001, I am requesting documents which contain the following information:

- Framework Partnership Agreement (FPA) with Euronews, signed in July 2021

- All follow-up exchanges between the Commission and Euronews on the FPA (I note that a briefing note for a meeting of Commissioner Breton with Euronews on 24.03.2023
Given the wide-scope of your request, we contacted you on 19 December 2023 with a view to finding a fair solution based on Article 6(3) of Regulation 1049/2001 (our reference, Ares(2023)8719045). In order to help you narrow down the scope of the request, we informed you that at that stage approximately more than 300 documents had been identified, indicating also different categories of documents that would fall within the scope of your request. We indicated the steps that the handling of your application would entail, and we concluded that according to our estimates a maximum of 15 documents could possibly be dealt with within 30 working days counting from the date of registration of your application.

By your email dated 21 December 2023, you narrowed down the scope of your request to ‘any invitations and contracts related to specific grant agreements, as well as any e-mails exchanged with Euronews, since January 1, 2023’.

In line with the principles of sound financial management and good administration to which the Commission is bound to, pursuant to Article 310(5) of the Treaty on the functioning of the European Union, we are obliged to balance your interest in access against the workload resulting from the processing of your application. This is in line with the case law of the EU courts.

We have therefore, as announced in our email of 19 December 2023, further restricted the categories you selected to the documents identified under point 2 below. It is what could be achieved, taking into account the Commission’s resources and the workload of the concerned staff during the same period, within the given timeframe.

3. ASSESSMENT UNDER REGULATION 1049/2001

Following an examination of the identified documents under the provisions of Regulation 1049/2001 we have arrived at the conclusion that full access can be granted to four documents. Partial access can be granted to five documents and access must be refused to the remaining documents. Full and partial disclosure is prevented by exceptions to the right of access laid down in Article 4 of Regulation 1049/2001.

A. Full disclosure

Documents 5 - 8 are fully disclosed.

B. Partial disclosure

(i) Protection of privacy and integrity of individuals

Full disclosure of Documents 1 – 4 is prevented by the exception concerning the protection of privacy and integrity of the individual outlined in Article 4(1)(b) Regulation 1049/2001, since they contain the following personal data:

- the names initials and contact information of Commission staff members not pertaining to the senior management;
- Names, functions and contact information of other natural persons.

Article 9(1)(b) of the Data Protection Regulation\(^2\) does not allow the transmission of these personal data, except if you prove that it is necessary to have the data transmitted to you for a specific purpose in the public interest and where there is no reason to assume that the legitimate interests of the data subject might be prejudiced. In your request, you do not express any particular interest to have access to these personal data nor do you put forward

---

any arguments to establish the necessity to have the data transmitted for a specific purpose in the public interest.

Consequently, I conclude that, pursuant to Article 4(1)(b) Regulation 1049/2001, access cannot be granted to the personal data contained in the requested document, as the need to obtain access thereto for a purpose in the public interest has not been substantiated and there is no reason to think that the legitimate interests of the individuals concerned would not be prejudiced by disclosure of the personal data concerned.

(ii) Protection of commercial interests

Article 4(2) first indent of Regulation 1049/2001 provides that the institutions shall refuse access to a document where disclosure would undermine the protection of commercial interests of a natural or legal person, including intellectual property, unless there is an overriding public interest in disclosure.

This provision must be interpreted in light of Article 339 of the Treaty of the Functioning of the European Union (TFEU), which requires staff members of the EU institutions to refrain from disclosing information of the kind covered by the obligation of professional secrecy, in particular information about undertakings, their business relations or their cost components.

Parts of Document 9 contain sensitive business information relating to business strategies, the competitive situation on the market, commercial data and other commercial interests of companies, including intellectual property.

Consequently, the above-mentioned parts of Document 9 have been blanked out on the grounds of the exception referred to in Art 4(2) first indent of Regulation 1049/2001.

C. Non-disclosure

We regret to inform you that access cannot be granted to Documents 10–15 as disclosure is prevented by exceptions to the right of access laid down in Article 4 of Regulation 1049/2001.

(i) Protection of commercial interests

Documents 10 - 15 are covered by the exception of Article 4(2) first indent of Regulation 1049/2001, which provides that the institutions shall refuse access to a document where disclosure would undermine the protection of commercial interests of a natural or legal person, including intellectual property, unless there is an overriding public interest in disclosure.

Documents 10 - 13 are grant applications of a legal person which contains in its entirety information relating to methodologies, know-how, specific pricing and business strategies as to how a specific project will be implemented. There is a general presumption of non-disclosure for submitted grant applications, even after finalisation of the grant award procedure. Disclosure, to the public, of the information contained in grant applications would undermine the protection of the relevant legal person’s expertise, know-how, strategy and creativity and thus their commercial strength, as it could be used by competitors in future similar procedures, to the detriment of the legal person concerned. There is therefore a real and non-hypothetical risk that disclosure of these documents would undermine and seriously affect the commercial interests of the legal person.
Documents 14 and 15 contain sensitive commercial data relating to business strategies, the competitive situation on the market, and other commercial interests of a company, including intellectual property. There is a real and non-hypothetical risk that disclosure of these documents could undermine and seriously affect the commercial interests of these companies.

(ii) Protection of privacy and integrity of individuals

Moreover, parts of Document 11, 13 and 15 contain personal data, in particular the names and functions of other natural persons. In view of this, its disclosure is prevented by the exception of Article 4(1)(b) of Regulation 1049/2001 for the reasons set out in Section 3.B.(i) above.

(iii) Verification on possibility of granting partial access

We have considered whether partial access could be granted to Documents 10 - 15. However, partial access is not possible considering that these documents are covered in their entirety by the abovementioned exceptions of Article 4 of Regulation 1049/2001.

In light of the foregoing considerations, access to Documents 10 - 15 must be refused completely.

4. OVERRIDING INTEREST IN DISCLOSURE

The exceptions laid down in Article 4(2) and Article 4(3) of Regulation 1049/2001 apply, unless there is an overriding public interest in the disclosure of documents. Such an interest must, firstly, be a public interest and, secondly, outweigh the harm caused by disclosure. We have examined whether there could be an overriding public interest in the disclosure of the aforementioned parts of the documents which are being withheld but we have not been able to identify such an interest.

5. REUSE OF DOCUMENTS

You may reuse public documents which have been produced by the European Commission or by public and private entities on its behalf based on the Commission Decision on the reuse of Commission documents. You may reuse the disclosed Documents 1 – 9 originating from the Commission free of charge and for non-commercial and commercial purposes provided that the source is acknowledged and that you do not distort the original meaning or message of the documents. Please note that the Commission does not assume liability stemming from the reuse.

6. CONFIRMATORY APPLICATION

In accordance with Article 7(2) of Regulation 1049/2001, you are entitled to make a confirmatory application requesting the Commission to review this position.

Such confirmatory application should be addressed within 15 working days upon receipt of this letter to the Secretariat-General of the Commission by asking for a review via your portal[1] account (available only for initial requests submitted via the portal account),
