Dear Executive Vice-President Frans Timmermans,
Dear Commissioner Kyriakides,
Dear Commissioner Wojciechowski

Please find attached an open letter on behalf of Plants for the Future ETP on Enabling the regulatory framework for conventional-like NGT plants, with a specific focus on the compatibility of conventional-like NGT plants with organic production systems.

Kind regards,

Amrit Nanda

Plants for the Future ETP (Plant ETP) is a multi-stakeholder platform representing the plant sector from fundamental research to crop production and distribution. Plant ETP brings stakeholders from the plant sector together to consider the challenges and opportunities of agricultural value chains in a holistic way, while developing a vision for future systems spanning food, feed, and biobased raw materials. In this way, Plant ETP
provides strategic direction, recommendations of essential research & innovation, and science-based advice for the benefit of policymakers, research funding providers, practitioners, and innovators throughout agricultural value chains.
