Subject: ABP and European Commission on ESG and Tax

Dear Mr. Thomas,
Please let me introduce myself. My name is [redacted] and I am [redacted].

I am reaching out to you as I would very much like to meet you in person and have a conversation with you about the green transition and other ESG related matters. As you discussed with my colleagues [redacted] and [redacted] earlier, ABP is very committed to ensuring our investments contribute to a sustainable world, as we do not believe providing pensions should stop with ensuring the interests of this generation but should also consider the wellbeing of the generations that will follow us.

In the recent meeting you had in March with my colleagues and the Tax Platform for asset managers that ABP brought together, you indicated that the role of institutional investors in the transition is crucially important, as significant investments will be needed to achieve the goals which are set for the coming decades. [redacted]. You also mentioned that commitments of Boards will be crucial. [redacted].

I would therefore very much appreciate the opportunity to have a conversation, either in Brussels or in Amsterdam, on how we could contribute to your work on this important matter. Please let me know if and when such meeting would be convenient for you.

Kind regards,

[redacted]
