Dear all,

I would like to invite you to participate in an exchange of views on how the EU can remain attractive for investments supporting the energy transition.

The EU is committed to creating a stable and predictable regulatory environment that will encourage investors to choose the EU as their preferred destination for energy investments. Please find attached a short note that provides the background information and potential talking points.

We would be grateful to hear your insights on specific measures the EU could take to enhance its attractiveness for investors.

Your feedback will be essential in helping us develop policies and programs that will attract the investment needed to achieve our climate and energy goals.

The discussion will take place in hybrid format on 29th November in Brussels (Albert Borschette Congress Centre, Rue Froissart 36, 1040 Brussels, Belgium) from 15:00 to 17:00hrs.

Please kindly confirm your attendance by replying to either Ivo.SCHMIDT@ec.europa.eu or Julian.DIELER@ec.europa.eu by 23rd November.

We look forward to engaging with you.

Sincerely,

Ditte Juul Jørgensen
Director-General
