MINUTES MEETING with Eurocommerce in Brussels on 14th February 2024

Discussion with EuroCommerce and some of its members’ CEOs on key opportunities and challenges facing retail and wholesale sectors in the digital, sustainability and skills transition contexts. CEOs referred to their contribution to the job creation in the EU across different sectors of the economy and the importance of creating favourable business environment for their activities. CEOs raised, in particular, the costs and burdens resulting from the non-financial reporting obligations set out in the applicable legislation.
