Subject: A4A / IATA letter Request for a formal review of the Dutch government’s plans to reduce flight movements at Amsterdam Airport Schiphol
Attachments: Aviation Coalition letter EC review of AMS September 2023_IATA_A4A Valean.pdf

Dear Commissioner Vălean,

On behalf of Airlines for America (A4A), and the International Air Transport Association (IATA), please find attached a letter concerning the September 1, 2023, announcement by the Dutch caretaker government that they will be introducing a number of measures to reduce aircraft operations at Amsterdam Airport Schiphol (AMS)—a decision that is strongly opposed by the airline industry.

In the letter, A4A and IATA ask that the European Commission conduct a formal review concerning the application of such significant reductions in aircraft operations and if such a reduction, in the manner proposed by the Dutch caretaker government, is compatible with EU law.

A4A and IATA appreciate your attention to this matter and remain at your disposal to answer any questions or provide further information for your services.

with kind regards,

[redacted]
on behalf of A4A
