Subject: Commission inspection Irish airport 26-30 March - TSA participation

Dear Derek,

With a view to the upcoming Commission inspection at Dublin airport scheduled 26 to 30 March and following your agreement by e-mail 31 January to allow a TSA observer participation in this inspection, please find enclosed information specifying how the cooperation between TSA and the Commission is established in practice and will be dealt with during the inspection week at Dublin airport

As indicated in our letter of 17 January 2012 requesting the agreement of the Irish authorities on the TSA participation, this participation takes places in the framework of the "Working Arrangement" established between TSA and the EU:

Its objective is to establish an effective cooperation in order to monitor the implementation of aviation security measures at each other's airports, while avoiding duplication of effort and reducing the number of airport assessments.

The team leader will explain this cooperation also during the entry briefing on Monday 26 March.

Best wishes for the weekend,
Daniela
