Subject: EU Food and Feed chain position review on the GMOs food and feed authorisation system

Dear Commissioners,

The EU food and feed chain would like to contribute their views to the discussion relating to the review of the EU's decision-making process to authorise Genetically Modified Organisms (GMOs) for food and feed uses.

Please find enclosed the position paper of the EU food and feed chain highlighting the principles that should guide EU policy-makers' discussions on the Commission's upcoming proposal relating to the EU's decision-making process to authorise GMOs for food and feed uses.

We thank you for the attention you pay to our inputs into the process of creating a more efficient European Union.

Yours sincerely,

 i

On behalf of:
