**Meeting with Annette Magnusson (SG of Stockholm Chamber of Commerce Arbitration Institute** (3/4 largest venue for ISDS disputes [REDACTED])

[REDACTED]). Updated her on situation and process on ISDS in TTIP. She mentioned her staff had been researching ISDS cases and had come up with specific examples of SMEs who had used ISDS successfully. She mentioned a case against [REDACTED] where ISDS is used because [REDACTED] has failed to respect its international environmental obligations (to be investigated). She will share info with me. Had some discussion on 3rd party funding - she views it as useful to give access to arbitration - SCC considering rules on this (disclosure). She also explained how SCC's emergency system for arbitrators worked. Agreed to continue to stay in contact. [Art. 4.1(a) third indent]

Thanks to [REDACTED] for help in preparing the meetings in Dublin. [REDACTED] [Art. 4.1(b)]
