CERTIFICATION OF COMPLIANCE

Pursuant to Section 2.02(a) of the Anti-Contraband and Anti-Counterfeit Agreement and General Release dated as of July 9, 2004 (the "Agreement"), Philip Morris International hereby provides the European Community and the Member States of the European Union that are signatories to the Agreement (the "Relevant Administrations")¹ with this report (the "Certification of Compliance") describing Philip Morris International's fulfillment of the requirements of (i) the EC Compliance Protocols, which are set forth in Appendix B of the Agreement, and (ii) the Tracking and Tracing Protocols, which are set forth in Article 5 and Appendix D of the Agreement (the "Certified Protocols").

Philip Morris International continues to be extremely pleased with the operation of the Agreement. We believe that the high level of cooperation that has characterized the conduct of the Parties pursuant to the Agreement has been greatly beneficial to the interests of all Parties by creating an effective framework for curbing the illegal sale and distribution of contraband and counterfeit Cigarettes in the European Union, which causes significant harm to all Parties.

In order to prepare this Certification of Compliance, Philip Morris International's Vice President & Chief Compliance Officer reviewed Philip Morris International's obligations under the Certified Protocols and conducted an assessment of its compliance therewith, which included obtaining supporting certifications from those within Philip Morris International who are responsible for implementation of the actions required under the Certified Protocols, and has relied on those certifications in making this Certification of Compliance.

Based on such review, Philip Morris International hereby confirms that it is in substantial compliance with its obligations under the Certified Protocols. To the extent that any matters remain outstanding, they are being addressed and are not considered to be significant, OLAF has been informed of these issues, and/or they are more fully described in Section II of this Certification. Section I below, which describes Philip Morris International's compliance with specific obligations of the Agreement, should be read subject to that general qualification.

¹ The definitions of the capitalized terms used in this Certification of Compliance can be found in Section 1.01 of the Agreement.

I. COMPLIANCE WITH SPECIFIC OBLIGATIONS

A. Appendix B Obligations – EC Compliance Protocols

Protocol 2 – Know Your Customer Obligations and Due Diligence

In accordance with the terms of Protocol 2 of Appendix B of the Agreement, Philip Morris International:

- conducts business only with Approved Contractors;
- sells Cigarettes in amounts commensurate with the Retail Demand in the Intended Market of Retail Sale and refuses to sell Cigarettes in volumes exceeding that amount;
- has conducted Due Diligence on all of its Contractors;
- conducts business only with Contractors that have demonstrated that they are able and committed to meeting the objectives of the EC Compliance Protocols; and
- maintains a list of all Approved Contractors, which is updated every six months, and maintains files containing its records of Approved Contractors.

Protocol 2 – Follow-Up Due Diligence

Pursuant to Protocol 2.03(g), (h) and (i), Philip Morris International has conducted annual Follow-up Due Diligence for each Approved Contractor.

Protocol 3 – Approved Contractor Relations and Sales Terms

Philip Morris International has made commercially reasonable efforts to enter into contractual arrangements with all Approved Contractors regarding delivery terms, packaging, legal compliance, and cooperation with Governments as set forth in Protocol 3.01(a)-(d), and in almost all cases, such terms and conditions have been agreed. Where they have not, Philip Morris International will continue its commercially reasonable efforts to have such terms and conditions implemented.

Philip Morris International strongly encourages its First Purchasers to cooperate with the Relevant Administrations for the purposes of investigating Cigarette smuggling and/or money laundering of proceeds arising out of the illegal trade in Cigarettes, in accordance with Protocol 3.02, although to date it has not received any formal request under the Agreement that it encourage such cooperation from the Relevant Administrations.

Protocol 4 – Termination of First Purchasers

Philip Morris International has not had occasion to terminate business relations with Approved Contractors in accordance with Protocol 4.01 or Protocol 4.02.

Protocol 5 – Accountability for Payments for Cigarettes

For transactions with Approved Contractors relating to the sale, storage, or distribution of Philip Morris Cigarettes, Philip Morris International limits acceptable forms of payment to those listed in Protocol 5.01(a)(i)-(v), and all exceptions to these acceptable forms of payments have been approved by or are currently under review by the Chief Financial Officer of Philip Morris International or his delegates in accordance with Protocol 5.01(b).

Protocol 6 – Disclosure of Information

Philip Morris International has not had occasion to respond to formal requests by OLAF for information covered by Protocols 6.01, 6.02, and 6.03.

Protocol 7 – International Compliance Officer

Effective May 1, 2012, Philip Morris International has created a new function called Illicit Trade Strategies & Prevention to address the complex challenges the illicit trade presents. [REDACTED] has been appointed as the [REDACTED] of this new function. His responsibilities will also include oversight of Philip Morris International's obligations and responsibilities under the Agreement with periodic reporting to Philip Morris International's senior management team.

[REDACTED] continues as [REDACTED] Compliance Office for Philip Morris International.

Protocol 8 – Shipments to Warehouses and Early Warning Notification

Philip Morris International has not had occasion to respond to requests by OLAF for information covered by Protocol 8.01 of Appendix B of the Agreement. Philip Morris International complies with the early warning system notification requirements of Protocol 8.02.

Protocol 9 – Delegation of Authority

Philip Morris International delegates substantial discretionary authority relating to the sale, distribution, storage, and shipment of Philip Morris Cigarettes only to Philip Morris International employees it believes are able and committed to act in full compliance with the EC Compliance Protocols, in accordance with Protocol 9.01.

Protocol 10 – Performance Reviews

The process for performance reviews, compensation, and promotions of Philip Morris International employees whose activities relate to the sale, distribution, storage, and shipment of Philip Morris Cigarettes takes into account such employees' performance in connection with the EC Compliance Protocols, in accordance with Protocol 10.01.

Protocol 11 – Training Programs

Philip Morris International has designed training programs for its employees whose activities involve the sale, distribution, storage, and shipment

of Philip Morris Cigarettes, and such employees have either conducted or participated in these training programs. Philip Morris International has notified OLAF of the curriculum for training programs, including annual refresher programs and, of the implementation of its web-based training course on Fiscal Compliance and the EC Agreement which it implemented in 2007.

For the present certification period, training will consist of a web-based training course. Philip Morris International anticipates that all of its employees pursuant to Protocol 11 will have completed the training program within two months of the date of this Certification or soon thereafter. Should OLAF wish to view the program material, Philip Morris International will provide a copy of the material upon request.

Protocol 12 – Monitoring and Auditing Systems

Philip Morris International has developed Anti-Contraband and Anti-Counterfeit Monitoring and Auditing Systems and designated Fiscal Compliance Coordinators to be responsible for implementing these systems in their business units, in accordance with Protocol 12.01.

Protocol 13 – Reporting of Suspicious Activity

Philip Morris International requires that employees report suspected violations of the EC Compliance Protocols and has created a Reporting System that permits anonymous reporting of suspected violations of the EC Compliance Protocols, in accordance with Protocol 13.

With respect to Protocol 13.04, Philip Morris International has not received any request from OLAF to interview employees or agents of Philip Morris International for purposes of giving sworn statements relating to matters covered by the Agreement.

Protocol 14 – Distribution of Protocols

Philip Morris International has made the EC Compliance Protocols available to all Philip Morris International employees on Philip Morris International's internal website, and has revised and consolidated its policies on the sale, distribution, storage, and shipment of Philip Morris Cigarettes and has also made such policies available on its internal website.

Appendix D Obligations – Tracking and Tracing Protocols

Protocol 2 – Pack and Carton Marking and Coding

In accordance with the terms of Protocol 2 of Appendix D of the Agreement and the Exhibits thereto, Philip Morris International:

- marks Packs and/or Cartons of Philip Morris Cigarettes with markings that permit a determination of the Intended Market of Retail Sale for Packs or Cartons that have those markets identified in Exhibit A-1 as the Intended Market of Retail Sale;
- has notified OLAF of those changes that will have to be made to Exhibits A-1, A-2 and A-4 to reflect labeling changes with respect to: markets where Philip Morris International had started selling, or is about

to launch, its products; markets where Philip Morris International had recently ceased selling its products; markets for which unique market-specific labeling had previously not been in place but is now being applied; and certain other labeling clarifications and modifications;

- has provided OLAF on October 11, 2011, with updated copies of the manual designed to allow for the determination of the Intended Market of Retail Sale for Philip Morris Packs and Cartons;
- except as indicated in Exhibit A-3 and Protocol 2.05, marks all Packs or Cartons with markings that allow for the identification of the product's manufacture date, manufacturing facility, machine of manufacture, and production shift of manufacture;
- has notified OLAF of those changes that will have to be made to Exhibit A-3 to reflect the termination of certain business relationships and the implementation of pack and carton coding at recently acquired manufacturing facilities;
- has implemented or will implement the Pack and/or Carton Marking requirements of Protocol 2.03 for new manufacturing facilities it has acquired since July 9, 2004 within 12 months of the acquisition; and
- marks Pack and/or Cartons of Duty Free Philip Morris Cigarettes with markings, codes or other information which permit a determination of the country or region in which Philip Morris International intends such Cigarettes to be sold duty-free, in accordance with Exhibit A-5(I)(A)-(D). For the reasons set forth in our April 25, 2007 letter to [REDACTED] of OLAF, Philip Morris International is using the EU duty-free labeling for Cigarettes sold duty free on military bases.

Protocol 3 – Master Case Labeling and Scanning

In accordance with the terms of Protocol 3 of Appendix D of the Agreement and the Exhibits thereto, Philip Morris International:

- marks Master Cases containing Cigarettes produced for the markets and/or by the manufacturers listed in Exhibits B-I, B-II, B-III, and B-IV with a barcode label and a human readable translation;
- scans Master Cases containing Cigarettes produced by Philip Morris International for the Tier I, Tier II (including Cigarettes produced by Third Party Manufacturers), and Tier III Markets listed in Exhibit C-II, C-III, and C-IV;
- as discussed in Philip Morris International's Seventh Annual Certification of Compliance (the "2011 Certification"), continues to produce Kretek cigarettes in Indonesia subject to a temporary exception to the Master Case labeling and scanning requirements of the Tracking and Tracing Protocols of the Agreement;
- as discussed in the 2011 Certification, uses common Pack and Carton markings for duty-free products in the following countries: United Arab Emirates, Kuwait, Bahrain, Qatar, Oman and Yemen. Although duty-free sales in these markets exceeded one billion units in 2011, the United Arab Emirates, Kuwait, Bahrain, Qatar, and Oman are members of the GCC Customs Union; Yemen's addition to the GCC has been

under consideration for some time. For these reasons, Philip Morris International applied uniform packaging to Packs and Cartons sold in these markets pursuant to Exhibit A-5 of Appendix D. The transition of the Ethiopian market to the duty-free pack and Carton markings that currently apply to Africa duty-free products was completed by end of 2011 as planned.

- as noted in the 2011 Certification, has shipped to markets other than their original Intended Market of Retail Sale limited quantities of certain variants in order to test for market demand for these brands, correct an out of stock situation or to deplete stocks, including since the 2011 Certification:
 - to Afghanistan duty-free market 1,700,000 Cigarettes of the *L&M* brand originally intended for the Ukrainian and Moldovan duty free markets;
 - to the Azerbaijan and Mongolia duty-free market approximately one million Cigarettes of *MARLBORO* originally intended for the Turkey duty-free market;
 - to Turkey approximately 1,700,000 Cigarettes of the *L&M* brand originally intended for the duty-free markets of Central Europe South, Eastern Europe and Central Asia; and
 - to the Japan shipping duty-free market approximately 12 million Cigarettes of *L&M* originally intended for the Singapore shipchandling market.

these shipments were approved by the Vice President for duty-free sales and determined by him to pose little risk of diversion.

- has shipped to the Andorra domestic market 10 million RYO/MYO products originally intended for the Spanish domestic market in order to test for market demand for these brands. In February 2012, a specific packaging was developed for the Andorra domestic market for these products;
- requested to OLAF on February 8, 2012 an exception from the Master Case scanning requirements of Appendix D for the former Fortune Tobacco Corporation trademarks following the formation of a joint venture with PMI in the Philippines;
- requested on November 8, 2011:
 - an exception from the Master Case scanning requirements of Appendix D for *PETTEROES* brand Roll-Your-Own Cigarettes produced for the domestic markets of Germany and Denmark and shipped directly to customers from a British American Tobacco entity and;
 - following the acquisition of several Roll-Your-Own brands from Imperial Tobacco, an exception from the Master Case scanning requirements of Appendix D for *VAN NELLE* Fine Cut Tobacco which is produced at the Imperial Tobacco facility in Joure for the domestic markets of Italy and the Canary Islands;
- has during 2012 been unable to complete improvements to the level of scanning by the third party distributor in Egypt due to technical and

security issues since the change in the political environment. This disruption has resulted in approximately 44,000 Master Cases not being scanned;

- has notified or will notify OLAF of changes that will have to be made to Exhibits C-I, C-II, C-III, and C-IV to reflect markets in which Phillip Morris International had changed its distribution system from selling to a single first purchaser to selling to multiple first purchasers or vice versa; certain changes resulting from Philip Morris International's entry into new markets and its exit from some existing markets; modifications to its pack and carton labeling in existing markets; and exemptions sought by Philip Morris International for certain Cigarettes in certain markets;
- maintains a First Purchaser Database that is searchable by customer order or Master Case barcode number for all Tier I, Tier II (including Third Party Manufacturers), and Tier III Markets listed in Exhibits C-II, C-III, and C-IV of the Tracking and Tracing Protocols which contains the product information specified in Protocol 3.03(a)(i)-(vi);
- maintains the electronic records created in the First Purchaser Database, as well as additional records necessary to identify the sales price and the Intended Market of Retail Sale; and
- has enabled the functionality that provides the Relevant Administrations with automated Query-Only Access to the data in the First Purchaser Database.

Protocol 4 – Second Layer Tracking

In accordance with the terms of Protocol 4 of Appendix D of the Agreement, Philip Morris International:

- has developed and continues to improve Second Layer Tracking Kits, makes such kits reasonably available to any First or Subsequent Purchasers in the circumstances identified in Protocol 4.02 of Appendix D of the Agreement, and provides training to recipients of Second Layer Tracking Kits (the kits are provided on a voluntary basis and are controlled by the customers); and
- requires that Second Layer Tracking information be maintained in the same manner as the First Purchaser Database and has enabled the functionality that provides the Relevant Administrations with access to the Second Layer Tracking information in the same manner as the First Purchaser Database.

Ongoing Research into Tracking and Tracing Technologies

In accordance with Protocols 3.01(c), 5.02, and 7.01 of Appendix D of the Agreement, Philip Morris International maintains an ongoing program of researching technologies for Master Case labeling and scanning, as well as for Carton and/or Pack coding and scanning technologies. As a result of this ongoing research program, Philip Morris International's introduction of its CODENTIFY technology for the tracking of Cartons has progressed to the standardization and compliance phase. Currently, the technology is in use at nine centers

for certain brand variants in twelve markets including PMI Duty Free. The CODENTIFY technology permits Philip Morris International to track Cartons by associating Cartons with their original Master Case, and has proven highly effective in tracking seized cartons back to their associated Master Cases in markets encountering diversion. Pack tracking and authentication technologies, currently in the research and development stage, also remain a focus of Philip Morris International's research programs.

II. SPECIFIC ISSUES

Representatives of Philip Morris International have discussed several issues with representatives of OLAF that relate to the operation of the Agreement and the movement of Cigarettes in various markets. We believe that these discussions have been very constructive and have greatly contributed to the overall success of the Agreement to date. We look forward to continuing to address in a cooperative manner the matters that have already been raised and to working with the other Parties to the Agreement to tackle new issues as they arise. Certain issues that have been the subject of previous discussions between Philip Morris International and OLAF are summarized below. Such summary is not intended to be exhaustive of the issues that have been discussed between Philip Morris International and OLAF or between Philip Morris International and the Relevant Administrations.

Diversion Issues in the Russian and Ukrainian Markets

As described in prior Certifications, because diversion from the Russian and Ukrainian domestic market continues, Philip Morris International has undertaken a variety of additional measures in order to better identify possible sources of diversion in the distribution chain to include carton tracking, u-track installation at the first purchaser warehouses, strict measures to monitor volume and consumer demand and implementation by the first purchasers of sales quotas for certain variants. The total volume of seizures in the EU of genuine products originating from these two markets continues to decline. As of May 31, 2012, the volume subject to Supplemental Payments was approximately 70% less than the volume of such seizures in 2011.²

III. CONCLUSION

Philip Morris International is pleased to confirm that, as described above, it is in substantial compliance with the obligations of the Certified Protocols and looks forward to continuing the excellent cooperation that has characterized the conduct of the Parties and the functioning of the Agreement in furtherance of the Parties' joint efforts to substantially curb the illegal trade in Cigarettes in the European Union and elsewhere.

² Relevant facts relating to the others matters discussed in this section of the 2011 Certification remain unchanged. Please refer to the 2011 Certification for a full description of Philip Morris International's continuing efforts with regard to these matters.
